

BLOOM SCHOOL

Tips for taking online lessons/classes

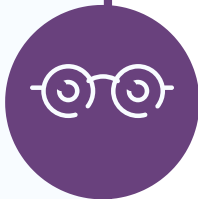

SPEED IS KING!

You need 1.2-2 Mbps of UPLOAD speed. If it's less, your experience will suffer regardless of what platform you are using. Go to <https://fast.com> to check your internet speed.

DON'T COMPETE FOR WIFI IN THE HOME.

Put down other devices during scheduled class or download things you can work on without wifi.

LET YOUR TEACHER SEE WHAT'S HAPPENING.

If playing music, make sure your instrument is in the camera frame. If dancing or moving, we want your whole body in the frame!

FIND A PLACE FREE OF DISTRACTIONS.

We love our siblings, but ask them for space. We love our dogs and cats, but take them to another room. Snacks stay in the kitchen :)

GATHER PROPS/INSTRUMENTS IN ADVANCE.

Tune that guitar, take the sax out of the case, move the table a bit to right, have paper, pencil, crayon at the ready!

HAVE QUESTIONS READY FOR YOUR TEACHER!

Our teachers will be regularly "spotlighting" students in group classes! Be ready to show your stuff!
